Dear Sir or Madam:

The North Texas Municipal Water District (NTMWD) is seeking bids for an annual supply of chemicals for the Water and Wastewater Systems for the period July 1, 2015 through June 30, 2016. Bids will be received on the following chemicals:

- Quicklime Fines
- Hydrated Lime Slurry
- Liquid Emulsion Cationic Polymer
- Liquid Ferric Sulfate
- Calcium Hypochlorite
- Liquid Sulfur Dioxide
- Liquid Sodium Hydroxide
- Liquid Chlorine
- Liquid Ammonium Sulfate
- Calcium Thiosulfate
- Liquid Oxygen
- Liquid Sodium Chlorite
- Hydrogen Peroxide
- Phosphoric Acid
- Hydrochloric Acid

Please review the above list of chemicals that will be bid. Enclosed you will find the appropriate bid forms and chemical specifications, and general conditions necessary to bid any or all of the chemicals listed. Staff has been directed to forward the bid packet by email attachments to all vendors who have expressed an interest in bidding these products. **Sealed Bids will be received at the receptionist desk located in the main lobby of the NTMWD Administrative Offices, 505 E. Brown St., Wylie, Texas, until 2:00 P.M., Wednesday, April 8, 2015.**

- Bidders should be aware that U.S. Mail is not delivered to the District office. Bids may be delivered personally, via courier, FedEx, UPS or other delivery services. All bids are subject to the same requirement regardless of delivery method.

- Vendor’s submitting bids for more than one chemical on this list must submit a separate bid for each chemical being bid and each bid must be sealed in their own individual envelop and delivered to the District as specified above and as detailed in the attached General Conditions.

- Failure to comply will result in rejection of bid or bids.
Bidders are encouraged to carefully review all NTMWD requirements.

Should you have any questions, please contact Kathy Richmond, Water System Administrative Technician, at 972-442-5405 ext. 248, or email her at krichmond@ntmwd.com.

Sincerely,

[Signature]

THOMAS W. KULA
