**MEMO**

**TO: JENNA COVINGTON, EXECUTIVE DIRECTOR / GENERAL MANAGER**  
**FROM: JEANNE CHIPPERFIELD, DEPUTY DIRECTOR – ADMINISTRATIVE SERVICES**  
**DATE: NOVEMBER 18, 2024**  
**SUBJECT: QUARTERLY FINANCIAL REPORT AS OF SEPTEMBER 30, 2024**

Below you will find a brief overview of the District's budget versus actual activity. The overview is followed by a discussion of notable events that occurred during the quarter, including updates on 1) an Overview of Financial Position; 2) the District's Extendable Commercial Paper programs; 3) Procurement; 4) Human Resources; and fiscal year 2024 financial information.

### **Overview of Financial Position**

The District continues to be in a strong financial position in all systems and maintains adequate reserves in accordance with District policy. In compliance with our contracts, the Finance Department has finalized the annual charges to system participants based on FY24 actual financial data and flows. These final bills or credit memos are reflected in the financial statements as is the Regional Water System's variable cost rebate which will be considered by the Board on Thursday, November 21<sup>st</sup>.

During the period, the District's total operating revenues for all systems were \$739.1 million or 98.5% of the amended budget. Total expenditures for all systems were \$741.6 million or 99.5% of the amended budget. As of September 30, 2024, the District's cash and investment balance was \$1.9 billion.

### **Extendable Commercial Paper (ECP) Program Update**

The District continues to utilize ECP to optimize the funding of capital projects in the RWS, RWWS and UEFIS. During the quarter, we completed our first ECP refunding in the UEFIS. We issued \$150M in bonds to refund previously issued ECP as well as provide funding for projects that were authorized using the ECP program. Between the RWS, RWWS and UEFIS the District has \$137M outstanding in ECP notes as of September 30th. Notes will be refunded as needed to manage the program and cash flow.

## **Procurement Update**

From July through September, the Procurement Department opened a total of 13 solicitations; 4 of which had never been formally solicited before such as Leachate Cleanout, 121 RDF Inbound Scale Replacement, and Public Opinion Research Services.

A new contract for Ozone Pipe Cleaning was awarded in September. It resulted in cost avoidance of \$191k. Cost avoidance is a cost reduction opportunity that is generated from the competitive bidding process. It is calculated by comparing the average price proposed by all vendors to the price of the awarded vendor.

For CIP construction, the Procurement Department opened four bids. The resulting bids were generally in line with expectations set by the engineer's cost estimate. There was an average savings of \$1.4 million. This process also led to an average cost avoidance of \$2.1 million. One project was not awarded due to higher-than-expected bids. Following discussions between Procurement and Engineering, the project will be restructured into smaller components to encourage more competitive pricing.

Procurement also successfully managed the solicitation process for the District's Engineering Consultant Request for Qualifications. This effort garnered 89 submissions received, resulting in 61 engineering firms to be pre-qualified across eight categories for future District projects covering Fiscal Years 2025 through 2027.

In addition, the District's revised Procurement Card (P-Card) program was implemented. This included training on the updated Administrative Directive 39 and monitoring card usage. These measures will enhance knowledge of the P-Card program including rules and regulations, best practices, accountability, and transparency in P-Card spending.

## **Human Resources Update**

The Department of Labor reported that 223,000 new jobs were added by employers in September 2024. The unemployment rate hit a 2 1/2 year high in July at 4.3%, but dropped down slightly in August to 4.2% and again in September to 4.1%. Hiring overall has been decelerating all year, and the September report is expected to be critical in shaping the Federal Reserve's November policy decision on cutting interest rates further. In the last 12 months through September 2024, wages have increased by an average of 3.9%, which increased 0.8% from June 2024.

During the fourth quarter of this fiscal year that ended September 2024, we had 34 employees leave District employment. Our annualized turnover rate is 14.3%, just slightly higher than our turnover rate from last quarter of 14.1%. Our voluntary terminations tend to be employees who are leaving due to retirement or other job opportunities outside the District. This is reflective of a tight labor market where employees tend to job hop. The labor market is cooling, but not yet weak.

Currently, we have 52 vacancies, with 43 of those positions posted and actively recruiting. HR continues to collaborate with departments to post our jobs on industry websites to increase job seekers' awareness of the District's brand. Fiscal year to date, the District has filled 298 positions, of which 46% were filled with internal candidates.

Human Resources continues to focus our recruiting efforts on veterans and military spouses by attending military-focused events as well as high school and college students by building relationships with the local ISD's and colleges. Below are several events we attended to recruit great talent:

- VA Dallas veterans' hiring event where over 175 veterans and military spouses attended.
- Veterans Commission Professional Career Event focused on degreed and non-degreed professionals and was attended by more than 100 job-seekers.
- Workforce Solutions career event as well as a networking event, both events drew in more than 220 people that we were able to introduce to the District and all our career opportunities we have available.
- Congresswoman Beth Van Dyne's Mega Career Event attracted more than 850 candidates in both professional and labor roles.
- The Texas Veterans Commission and the Joint Base Ft Worth Career Event were 2 events which drew in more than 1,300 candidates seeking professional and labor roles.
- Dallas College Cedar Valley Campus hiring event and Texas State Technical College mega career event in Waco, between these 2 events, drew in more than 800 candidates.
- In FY24, the District was represented at 38 career fairs, 16 of which were focused on degreed and non-degreed veterans with the remaining 22 events open to the general public and focused on professional and labor roles. We also held our first onsite career fair since 2015 this year. 20 hiring managers and supervisors were on hand to speak with the more than 100 candidates who attended.

## **Financial Information**

This quarterly report for the 2024 fiscal year through September 30, 2024, includes a Budget versus Actual Summary by System, and information on the Employees' Retirement Fund, the Retiree Health Insurance Fund and the Investment Report.

## **Quarterly Employees' Retirement Fund and Retiree Health Insurance Fund Reports**

During the third quarter of 2024, the Employees' Retirement Fund investments managed by Brown Ruth Advisors and Westwood Holdings Group increased by \$19.9 million or 15.1%. The District's Retiree Health Insurance Fund managed by Westwood Holdings Group experienced an increase in asset value in the amount of \$2.1 million or 22% over the last twelve months due to strong market conditions. This fund is managed separately from the District's Retirement Plan but with a similar investment strategy.

The Brown Ruth market commentary for the third quarter of 2024 stated that economic data releases showed positive signs, as hiring and consumer spending remained robust and inflation fell. Interest rates rose in the first half of the year, with the 10-year Treasury yield climbing roughly 3.9% in January to 4.5% percent by July, but then fell to 3.8% by the end of September. The health of the labor market and rising political uncertainty are risks worth monitoring.

We rely on our investment managers to make any necessary adjustments.

## **Quarterly Investment Summary Report**

For the quarter ended September 30, 2024, the District's operating and capital funds (excluding pension and retiree health insurance) for all systems earned interest in the amount of \$23.6 million, a yield of 4.9%. Our portfolio remained closely aligned with our 3-month Treasury Bill benchmark of 4.6%. As our investments in government backed securities mature, we plan to reinvest in comparable yielding securities for diversification purposes while protecting the principal of investments and expected returns. We will continue to work in partnership with our investment advisor and manage the District's investments in accordance with District Policy while achieving sufficient diversification and yield.

# BUDGET VERSUS ACTUAL

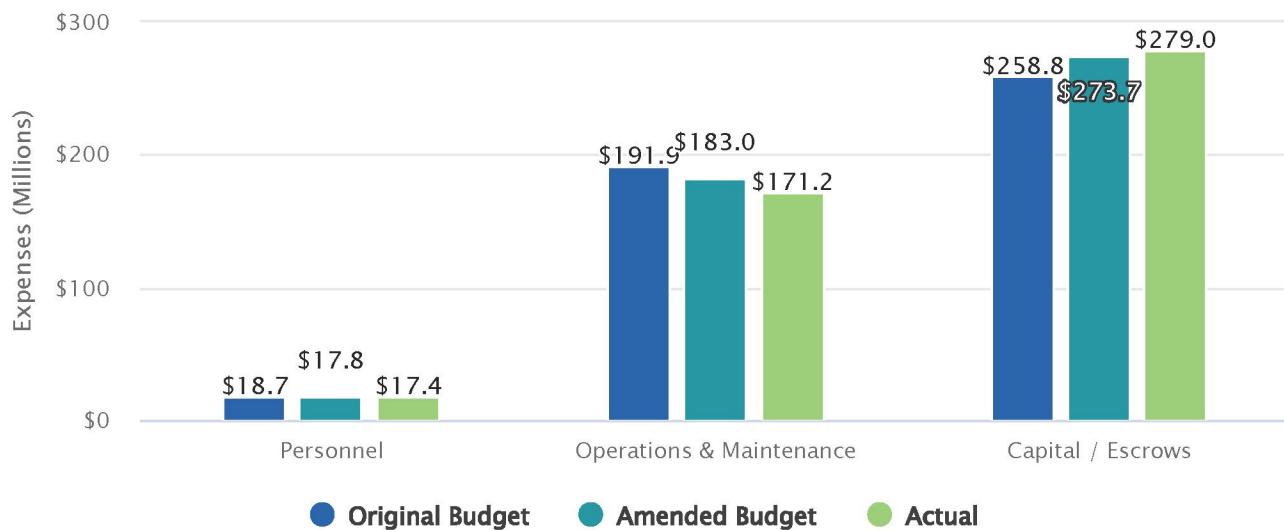

SUMMARY

## QUARTERLY REPORT

NORTH TEXAS MUNICIPAL WATER DISTRICT

REGIONAL WATER SYSTEM					Sep-2024
Original Budget	Amended Budget	YTD Actuals	Variance to Amended	Amended Spent %	
\$ 469,388,075	\$ 474,531,055	\$ 467,591,650	\$ 6,939,405	98.5%	

## RWS Budget vs. Actuals

## Variance Explanations

**Major Budget Adjustments:**

The Amended Budget reflects the addition of appropriations to allow for carry over from FY23 purchases that were ordered and encumbered, but not received during the same period. Limited funds not used in the prior year were set aside for this purpose in accordance with our financial policies.

The District provided a rate adjustment to all RWS participants of \$.05 based on their annual minimum requirement due to chemical price savings. The total impact was \$6.4M.

**Water Usage:**

- Water sold during the fiscal year (October - September) was 123.8 billion gallons, which was in line with the previous fiscal year record of 124.4 billion gallons but lower than the Water Year (August - July) of 126.2 billion gallons. The variance from Fiscal Year to Water Year relate to the months of August and September in their respective years. August and September 2024 had water use approximately 2.5 billion less than August and September 2023.

**Personnel:**

- Personnel is slightly below budget due to vacancies although offset due to additional overtime. The RWS averaged 18 vacant positions per month in FY24 but vacancies as of the end of the year have decreased down to 12. The RWS has 153 authorized positions.

**Operations & Maintenance:**

- Chemicals ended the year under budget as a result of unit price reductions and increased optimization at the Leonard WTP. The District will rebate unused variable costs in the amount of \$14.2M to entities that did not use their annual minimum number of gallons. These rebates will be provided in November.
- Power came in under budget due to the increased rainfall the District experienced during the spring and early summer months. This kept lake levels high which decreased the need to pump raw water into the system.

- Fuel ended the year below budget as a result of price changes and lower usage than expected.
- Maintenance costs came in below budget due to delay in material and parts, delay in pipeline inspections, residual hauling lower than expected and lake maintenance budgeted amount not realized due to delay with U.S. Army Corps of Engineers.
- Consulting is under budget as a result of delay in projects or no longer being pursued.

**Capital Outlay / Escrows:**

- Capital Outlay came in under budget due to delay in delivery until FY25 for FY24 ordered machinery, equipment and vehicle.

**Capital Improvement / Debt Service**

- Additional transfers to capital improvement for future capital projects were made. These funds are available for additional cash funded construction in the future.

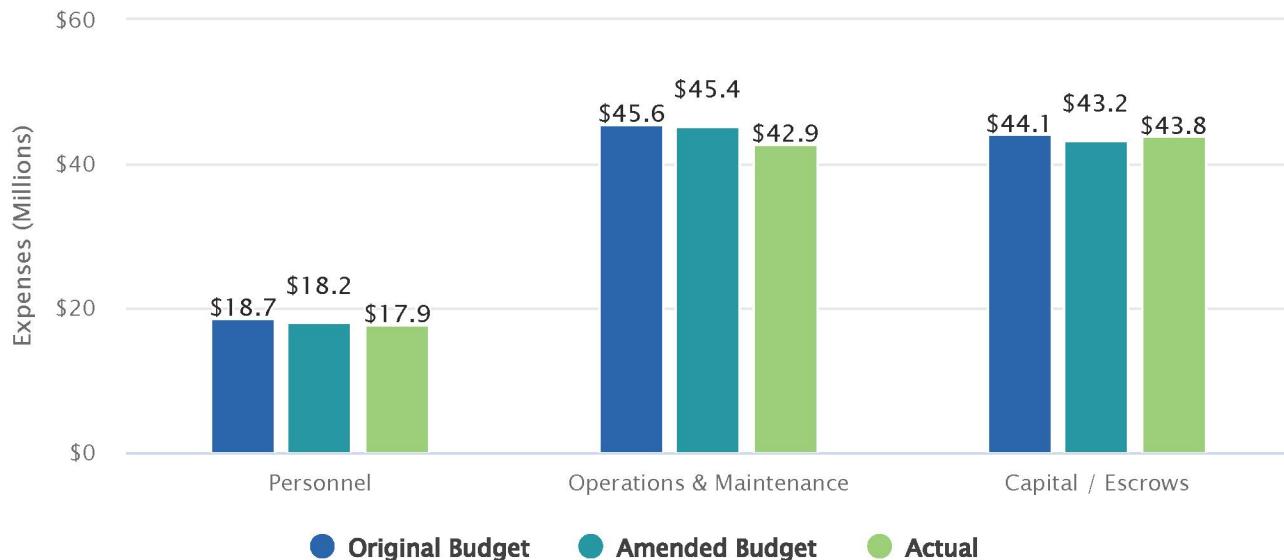

<b>ECP Program - \$700M Limit</b>	<b>Amount (\$M)</b>
Projects awarded to ECP Program	\$ 438
ECP Outstanding	\$ 79
Weighted Average Interest Rate - Outstanding	3.48%

REGIONAL WASTEWATER SYSTEM					Sep-2024
Original Budget	Amended Budget	YTD Actuals	Variance to Amended	Amended Spent %	
\$ 108,374,210	\$ 106,747,600	\$ 104,647,576	\$ 2,100,024	98.0%	

## RWWS Budget vs. Actuals

**Variance Explanations****Major Budget Adjustments**

The Amended Budget reflects the addition of appropriations to allow for carry over from FY23 purchases that were ordered and encumbered, but not received during the prior year. Limited funds not used in the prior year were set aside for this purpose in accordance with our financial policies. The System realized savings and sent some of the excess to the escrow funds to shore up reserve balances in accordance with policy.

**Personnel:**

- RWWS averaged 14 vacancies per month during 2024 but as of the end of September there were only 9 vacancies. The system has 165 budgeted positions.

**Operations & Maintenance:**

- Chemicals ended the year below budget due to price decreases for liquid ferrous sulfate and efficiencies at the plants for chemical dosing through automatic monitoring and dosing.
- Supplies-Other are over budget due to emergency and preventative repairs that were performed at Wilson Creek WWTP.
- Maintenance costs are below budget but approximately \$554K will be carried over to FY25 to replace obsolete equipment components required for the generator to operate properly in the event of a power loss at Mesquite RWWTP.
- Other-Services is underspent due to the reclassification of the Floyd Branch WWTP's dewatering optimization (over \$674K) from Other Services to Machinery (capital asset). Additionally, \$162k will be carried over to FY25 for the replacement of 30 year old corroded air piping.

**Capital / Escrows:**

- Machinery is overspent due to the reclassification of Floyd Branch's dewatering optimization.
- Approximately \$337K will be carried over to FY25 for Vehicle Equipment.

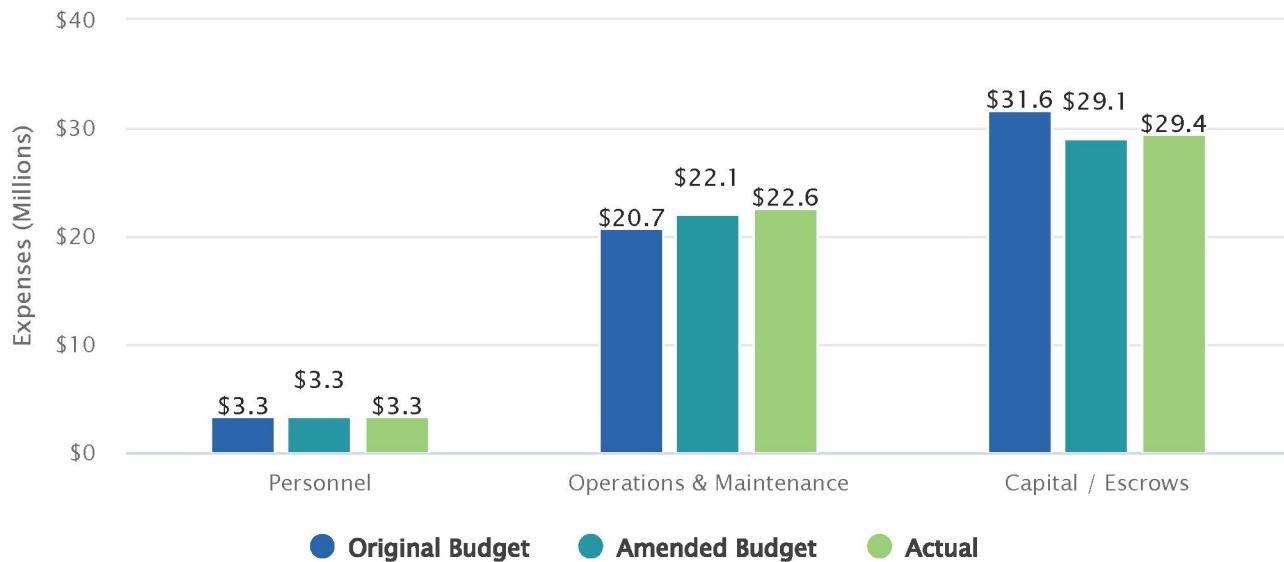

<b>ECP Program - \$400M Limit</b>	<b>Amount (\$M)</b>
Projects awarded to ECP Program	\$ 195
ECP Outstanding	\$ 58
Weighted Average Interest Rate - Outstanding	3.48%

## QUARTERLY REPORT

UPPER EAST FORK INTERCEPTOR SYSTEM					Sep-2024
Original Budget	Amended Budget	YTD Actuals	Variance to Amended	Amended Spent %	
\$ 55,601,960	\$ 54,529,790	\$ 55,313,476	(\$ 783,686)	101.4%	

## UEFIS YTD Budget vs. Actuals

Variance Explanations**Major Budget Adjustments**

The Amended Budget reflects the addition of appropriations to allow for carry over from FY23 purchases that were ordered and encumbered, but not received during the prior year. Limited funds not used in prior year were set aside for this purpose in accordance with our financial policies. The System sent additional funds to the escrow to shore up reserve balances in accordance with policy.

On October 28, 2023, significant regional rainfall resulted in increased flows in the UEFIS which caused infrastructure failure at NTMWD's Lower Rowlett Creek Lift Station (LRCLS) in Plano, TX. Approximately 500 feet of 42" pipeline including a manhole were repaired at a cost of \$3.5 Million. NTMWD coordinated with Oncor to relocate an electric line for this repair. The UEFIS utilized budget savings to fund this repair.

**Personnel:**

- UEFIS averaged one vacancy per month compared to 24 authorized positions. The System ended the year fully staffed.

**Operations & Maintenance:**

- Fuel is over budget due to higher fleet usage than initially projected.
- Chemicals costs are under budget because a switch to new chemicals occurred later than originally planned. The budget had accounted for higher costs associated with the transition, but the delay resulted in lower spending.
- Consulting is under budget due to delays in project timelines.

- Maintenance is over budget due to emergency pipeline repairs and electrical maintenance at the UEFIS Lift Stations.
- Electric power usage was higher than anticipated due to unusually wet weather conditions.
- Shared Services is over budget because work orders requiring assistance from Maintenance and Technical Services exceeded the allocated budget.
- Services-Other is over budget due to pump rental costs for emergency valve leak repairs at Lower White Rock Lift Station.

**Capital / Escrows:**

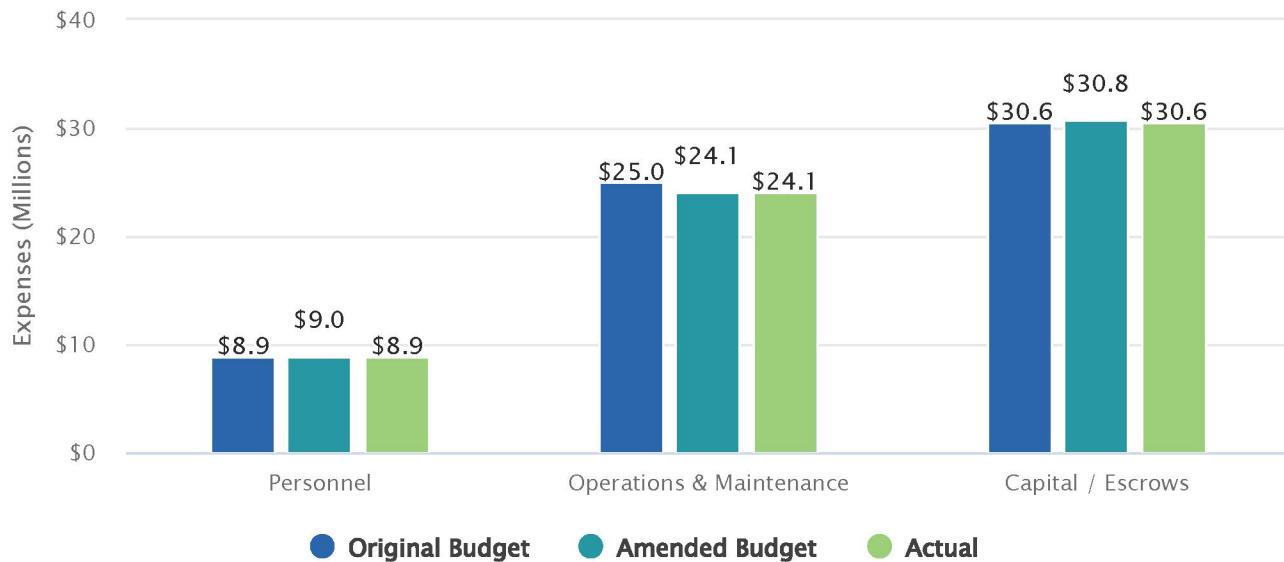

- Vehicle Equipment was amended to include FY23 encumbrances.
- Machinery is underspent due to the reclassification of \$57K to Equipment Maintenance for a lift pump motor at the Preston Road Lift Station.

<b>ECP Program - \$150M Limit</b>	<b>Amount (\$M)</b>
Projects awarded to ECP Program	\$ 143

NORTH TEXAS MUNICIPAL WATER DISTRICT

<b>SMALL SYSTEMS</b>					<b>Sep-2024</b>
Original Budget	Amended Budget	YTD Actuals	Variance to Amended	Amended Spent %	
\$ 64,479,840	\$ 63,828,530	\$ 63,543,990	\$ 284,540	99.6%	

**Small Systems Budget vs. Actuals****Variance Explanations****Major Budget Adjustments**

The Amended Budget reflects the addition of appropriations to allow for carry over from FY23 purchases that were ordered and encumbered, but not received during the prior year. Limited funds not used in prior year were set aside for this purpose in accordance with our financial policies.

**Personnel:**

- Small Systems averaged 3 vacancies per month compared to total authorized positions of 75.

**Operations & Maintenance:**

- Chemicals are over budget due to higher pricing for Bioxide. Additionally, at Sabine Creek WWTP the screw presses that were installed required a different type of polymer which was more expensive and required more quantity than budgeted.
- Supplies-Other is over budget related to Sabine Creek WWTP. \$180K was spent on Electrical Supplies for emergency maintenance to install 2 VFDs for blowers to replace the obsolete starter contactor system, over \$20K spent in Mechanical Supplies to install RAS Pump #5.
- Consulting is under budget but approximately \$1.2M will be carried over to FY25 for the Southern System Capacity Assessment and Assurance for the Forney Interceptor, Lower East Fork Interceptor and Mustang Creek Interceptor facilities. These are continuing contract costs.
- Landfill Service Fees are over budget due to additional sludge waste from the plants due to higher flows.
- Power is above budget due to flows being more than projected.
- Shared Services is over budget due to higher than usual unplanned maintenance and work orders performed by the Facilities and Technical Service departments.
- Services-Other is over budget due to the installation of Storm Shelters in various facilities and to replace the drive technology that is approaching obsolescence at Muddy Creek WWTP

**Capital / Escrows:**

- Capital Outlay is below budget due to numerous replacement pumps and other parts being reclassified from Machinery.

## QUARTERLY REPORT

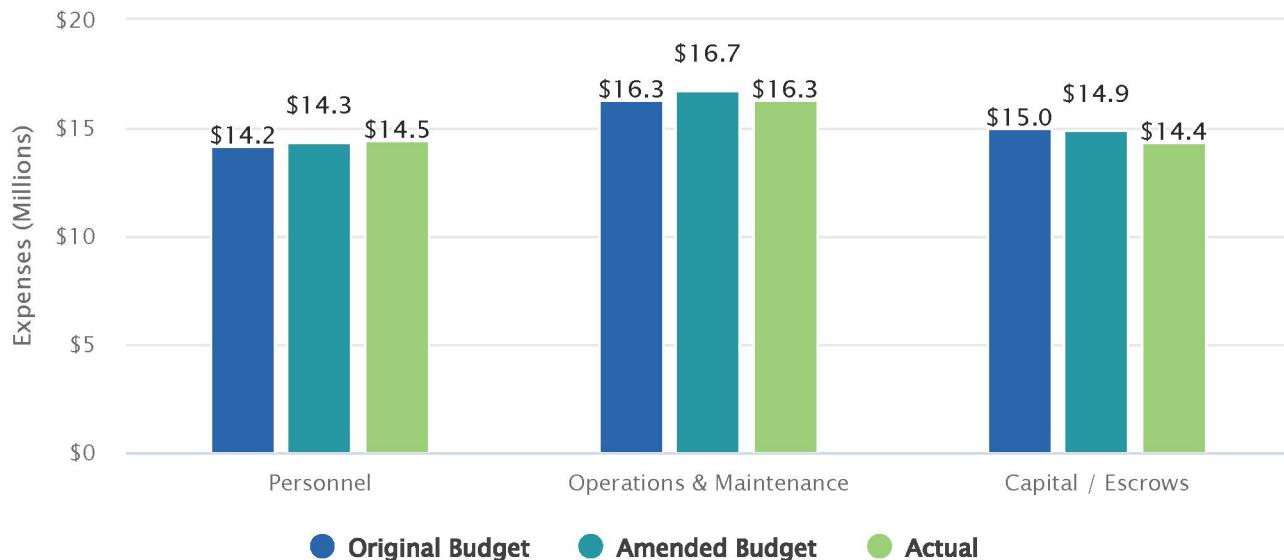

NORTH TEXAS MUNICIPAL WATER DISTRICT

## REGIONAL SOLID WASTE SYSTEM

Sep-2024

Original Budget	Amended Budget	YTD Actuals	Variance to Amended	Amended Spent %
\$ 45,548,730	\$ 46,003,495	\$ 45,098,057	\$ 905,438	98.0%

## RSWS Budget vs. Actuals

## Variance Explanations

## Major Budget Adjustments

The Amended Budget reflects the addition of appropriations to allow for carry over from FY23 purchases that were ordered and encumbered, but not received during the prior year. Limited funds not used in prior year were set aside for this purpose in accordance with our Financial Policies.

## Personnel:

- Personnel ended slightly above budget due to increased overtime caused by vacancies. RSWS averaged 4 vacancies per month, compared to a total of 116 authorized positions.

## Operations &amp; Maintenance:

- Chemicals ended the year above budget due to the installation of a new perimeter odor control system at 121 RDF. Chemical usage for the new system exceeded expectations this year.
- Other Supplies came in lower than budget as a result of using less of the alternative daily cover at 121 RDF.
- Overall maintenance costs are lower than budget, reflecting the positive impact of a more robust preventative maintenance program.
- Consulting is below budget due to delays in permit modifications for the relocation of TxDOT Spur 399.

**Capital / Escrows:**

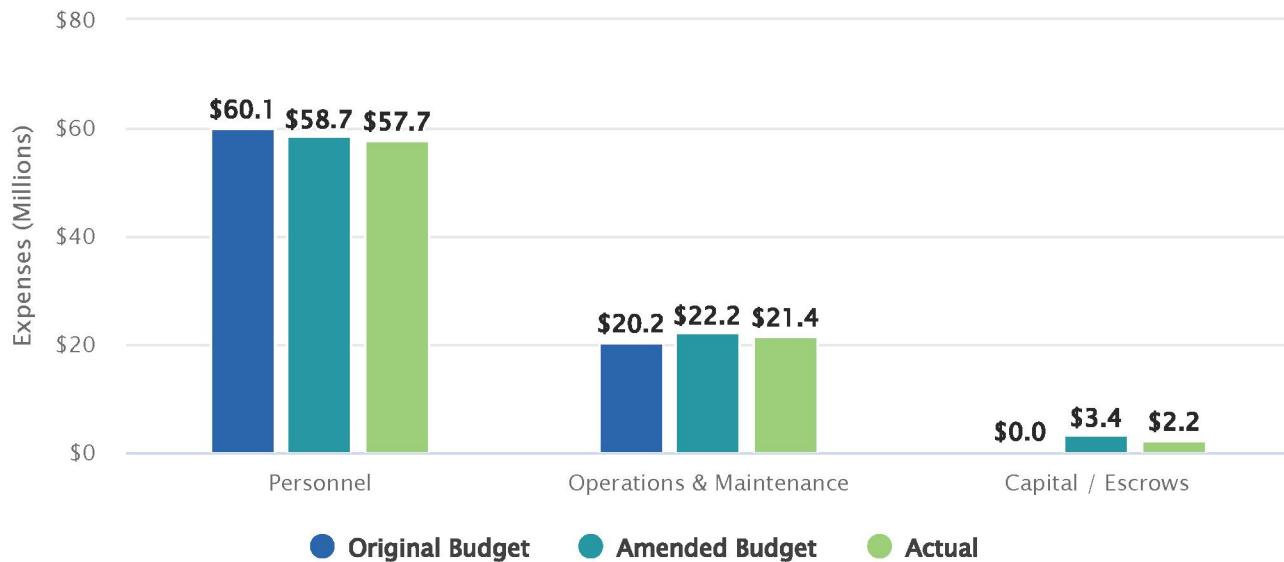

- Capital Outlay is under budget due to the non-delivery of 5 replacement trailers and 1 new trailer before the end of FY24. These funds will carry forward into FY25.

## QUARTERLY REPORT

NORTH TEXAS MUNICIPAL WATER DISTRICT

SHARED SERVICES					Sep-2024
Original Budget	Amended Budget	YTD Actuals	Variance to Amended	Amended Spent %	
\$ 80,380,680	\$ 84,338,675	\$ 81,225,678	\$ 3,112,997	96.3%	

## Shared Services Budget vs. Actuals

## Variance Explanations

## Major Budget Adjustments

The Amended Budget reflects the addition of appropriations to allow for carry over from FY23 purchases that were ordered and encumbered, but not received during the prior year. Limited funds not used in the prior year were set aside for this purpose in accordance with our financial policies. In addition certain capital projects originally planned for FY25 were identified and recommended to move forward into the current fiscal year to use existing contingency funds. These projects include HVAC replacements in the Admin and Lab buildings, building remodel for the Admin building and upgrades to the training room in the Engineering building.

## Personnel:

- Personnel is below budget due to vacancies. Shared Services has averaged 28 vacancies per month compared to total authorized positions of 436.

## Operations &amp; Maintenance:

- Fuel came in over budget as a result of higher usage and travel time due to increase in personnel in Maintenance and Technical Services.
- Other Services came in under budget as a result of staffing turnover and change in strategy within the Water Conservation Program.
- Engineering/Consultant Services is lower due to programs being delayed / no longer pursued.

## Capital / Escrows:

- Most Capital Outlay items that were ordered last year were received this year. Funds were set aside in FY23 in accordance with our financial policy and added to this year's budget to cover the expenses.

**NORTH TEXAS MUNICIPAL WATER DISTRICT**

**QUARTERLY REPORT**

- The building budget was amended \$1.5M to cover HVAC units at the Lab & Admin buildings, plus a remodel at the Admin to accomodate growth in personnel. Due to the long project timelines for these items unspent funds will be carried forward into FY25 to allow for completion.

### Compliance with Investment Strategies

The North Texas Municipal Water District's investment portfolio is invested in accordance with the investment strategies set forth in Section 4 of the North Texas Municipal Water District's Finance Policies Manual. This policy has been adopted by the NTMWD Board of Directors, as required by statute and is reviewed on an annual basis.

### Compliance with Texas Government Code Ann., Section 2256, Subchapter A

The District's investment portfolio is invested in accordance with the provisions of all applicable legislation, including Section 2256, Subchapter A. The District does not invest in any investments which are prohibited by this statute or which are deemed inappropriate by the NTMWD Board of Directors.
