### **Brown Street Lane Closures beginning Nov. 9 for Water Line Construction in Wylie**

**WYLIE, TX – Nov. 8, 2016:** Beginning Wednesday, November 9, traffic on East Brown Street between Hwy 78 and Ballard Avenue in Wylie will be reduced to one lane east and west for construction work connecting North Texas Municipal Water District water pipelines under Brown Street. Construction and lane closures are anticipated for up to four weeks. *(See map below)*

Electronic signs are posted to communicate lane closures. Drivers are asked to use caution and slower speeds in the construction area, as well as consider using alternate routes to avoid delays.

###

#### **About NTMWD**

*The North Texas Municipal Water District is a regional wholesale provider of water, wastewater and solid waste disposal services for approximately 1.6 million residents in the north Texas counties of Collin, Dallas, Denton, Fannin, Grayson, Hopkins, Hunt, Kaufman, Rains, and Rockwall – a service territory covering 2,200 square miles. For more information, visit [NTMWD.com](http://NTMWD.com).*
